January 7th, 1921.

Mr. J. G. Butler, Jr.,
Box 308,
Youngstown, Ohio.

Dear Sir:-

The cheque of the National McKinley Birthplace Memorial Association for five dollars for a bronze copy of the Foch Medal has been received.

This is the first intimation we have had that your Association desired a copy of this medal, and are assuming that you are now placing an order for one as our records fail to show that a copy has been sent you.

The subscription for this medal closed on December 15th, but as your communication is dated December 8th, and probably held up for some good reason, we will make an exception in this case, and have a bronze medal struck, provided you have not already received a medal. Kindly let us have a word from you.

Very truly yours,

Secretary.

Dear Mr. Noe:-

I am in receipt of your letter of the 7th. inst.

The check in payment of the bronze copy of the Foch medal was made out ready to be sent you the day the matter was brought to my attention, but in looking for the address which came to us through the French Institute, it had been lost or destroyed. We finally got the proper address from Mr. Judson Bremner of this city and immediately mailed the check.

We have not yet received the medal and would be very glad indeed to have you send us one and thank you for your consideration in the matter.

Very truly yours,

Mr. Sydney P. Noe, Secretary,
The American Numismatic Society,
Broadway, Between 155th. & 156th. Sts.
